

## ARRA 1201 Reporting - June 2009

Delaware County MIE Rehab. RW Lights

Amount Outlaid or Expended	Contracts Out for Bid (Number of Contracts)	Contracts Out for Bid (Amount in Dollars)	Contracts Awarded (Number of Contracts)	Contracts Awarded (Amount in Dollars)	Contracts Underway (Number of Contracts)	Contracts Underway (Amount in Dollars)	Contracts completed (Number of Contracts)	Contracts Completed (Amount in Dollars)	Direct Jobs (In Hours)
The expenditures in contracts or direct work between 6/1/09 and 6/30/09**	Number of contracts out for bid between 6/1/09 and 6/30/09.*	Amount (\$\$) of contracts out for bid between 6/1/09 and 6/30/09.*	The number of contracts awarded between 6/1/09 and 6/30/09.*	The amount (\$\$) of contracts awarded between 6/1/09 and 6/30/09..*	The number of contracts underway between 6/1/09 and 6/30/09..*	The amount (\$\$) of contracts underway between 6/1/09 and 6/30/09..*	The total cumulative number of contracts completed as of 6/30/09.*	The total cumulative amount (\$\$) of contracts completed as of 6/30/09.*	Number of hours actually worked (on-project and other direct jobs created or sustained) that correspond to the amount outlaid or expended to date (in column A). ***
\$29,812	0	\$0	1	\$47,500	1	\$29,000	1	\$29,000	169

NOTES:

\*A contract might be reported repeatedly in several categories if it fits the criteria: If a contract was out for bid and awarded in the reporting month, it will have to be reported in columns B through E. If a contract was out for bid, awarded, underway and completed all in the reporting month, report it in all categories.

\*\* Report direct expenses (bills paid by airport to contractor), not what the airport has drawn down from ECHO (or submitted pay requests to the ADO/RO) .

\*\*\*Number of hours actually worked (on-project and other direct jobs created or sustained) that correspond to the amount outlaid or expended to date (in column A). On-project and other direct job hours include jobs provided by grant recipients, prime contractors, sub-contractors, and second-tier contractors, and are defined as all jobs billed directly to the projects. Jobs not billed directly to the projects, such as those associated with the off-site production of equipment, vehicles, or construction materials (such as steel or concrete) should not be counted -- they are "indirect" jobs.
